Survivor Safety Planning and Digital Confidentiality Guide

Holistic Risk Assessment and Action Guide for Immigrant Survivors

Phumulani: Minnesota African Women Against Violence - 501c3 Certified Community Resource

1. What is a Personalized Safety Plan?

A safety plan is a practical, individualized set of actions designed to lower risk of harm before, during, or after leaving an abusive relationship.

2. Digital and Device Safety

Use private browsing, clear search history, and be aware that spyware or location sharing can be covertly installed on phones. Access resources from a safe device at a public library or friend’s home whenever possible.

3. Emergency Document Checklist

Keep essential documents together in a safe, accessible location or scanned to secure cloud storage: passports, green cards/visas, birth certificates, immunization records, lease agreements, and medical records.

4. Immediate Crisis Assistance

Call 911 for life-threatening emergencies. Call or text Minnesota Day One Crisis Line at 1-866-223-1111 24/7 confidential advocacy. Contact Phumulani at phumulani.org.
